

P2010 Gran Lusso

Single-Engine Aircraft

Soar Higher

QUALITY AIRCRAFT SINCE 1948

TECNAM

The Gentleman aircraft that stands out from the crowds

What is a gentleman? Regardless of the gender a gentleman is polite and behaves well towards other people. Someone with class, style, who stands out from the crowd effortlessly.

The 3 Traits Of The Gentleman

1. Distinguished from ordinary people or things
2. A confident personality that drives respect and esteem
3. Knowledgeable, yet cool, with a flair for beauty and Dolce Vita

A Gentleman understands that the GranLusso is more than just an aircraft. It is a signature, a representation of a unique style and a must for those who wants to fly without compromises.

Explore the world in an aircraft that behaves amazingly while you luxuriate in a quiet cabin covered with the best Italian Leather. Feel the unsurpassed interior design that begs the question, is the real view outside or inside the cockpit? Land, making a memorable entrance that will impress others everywhere you go.

These are the main ingredients that ensure the Gran Lusso is always a connoisseur's most enjoyable flight. An aircraft with character, like a tailormade suit.

An aircraft with a personality of it's own

- Sporty but with elegance
- Powerful but with style
- Luxurious but not flashy
- Imposing but with balance

“Manufacturing an aircraft is not just a job, it is a challenge for perfection, driven by infinite passion and dedication.”

Paolo Pascale Langer, CEO

Interiors

Powerplant

Engine Manufacturer	Continental Aero Cd-170
Engine Power	170 HP
Propeller	Constant Speed 3 Blade MT Propeller
Fuel Consumption	5.2 USG/h (19.5 lt/h)
Fuel Type	Jet A-1, Jet A, Diesel
Fuel tank capacity	63 US Gal (240 lt)

Design Weight and Loading

Maximum Take Off Weight	2,646 lb	1,200 kg
Empty Weight, Standard	1,841 lb	835 kg
Useful Load	805 lb	365 kg
Baggage allowance	88 lb	40 kg

Performance

Max Cruise Speed KTAS	140 kts	259 km/h
Stall Speed (Flaps Down Power Off) KCAS	53 kts	98 km/h
Max operating altitutde	18,000 ft	5,486 m
Take off run	1,394 ft	425 m
Take off distance	2,211 ft	674 m
Rate of climb	740 ft/min	3.8 m/sec
Landing Run	886 ft	270 m
Landing Distance	1,791 ft	546 m
Range	961 nm	1,780 km

The P2010 Gran Lusso is ready to bring to your destination with Sustainable Aviation Fuels (SAF) which can save up to 80% net CO₂ emissions.

Discover our commitment to sustainable flight

“When we design an aircraft, we don’t look at our heritage to check what we have already done, we look to our future to determine what we still need to do.”

Giovanni Pascale Langer, Managing Director
